Note 38a

Calculation of profit/loss per share.

Profit per share is calculated by dividing the profit of the last 12 months (01.01.2008-31-12-2008.) by the number of registered shares.

Profit for 12 months	4.030	tys.PLN
Number of shares	3.000.092	szt
Profit per share	**1,34**	**PLN/share**

Diluted profit per share has not been calculated as the number of shares will not be subject to change in 2009.
